

## FIRE SAFETY IN THE HOME

### SELF ASSESSMENT

The Coronavirus pandemic means that most of us will be spending more time at home. We want to ensure your home is as safe from fire risk as possible and would therefore encourage you to go through our questionnaire and follow our advice and guidance.

When answering each question, you will get some useful tips for each topic. Once you have completed the questions, you can download a bespoke PDF that provides additional advice and links to further information. If you feel that you require further, more detailed advice, you can request a free Home Fire Safety Visit from our trained crews.

Due to the current Social Distancing restrictions, we are currently only providing Home Fire Safety Visits to those at highest risk - identified by answering a few questions when requesting a visit. If you don't fit into the highest risk criteria we will still take your details and arrange a Home Fire Safety Visit in the future once our full Home Fire Safety Visit programme has recommenced and restrictions have eased.

To book a Home Fire Safety Visit please call us on: **0800 0731 999**

Let's get started!

The easy to use fire safety quiz helps you stay safe at home and provides potentially life-savings tips

## Fire safety quiz helping you to stay safe at home

The Scottish Fire and Rescue Service (SFRS) have launched a new fire safety quiz online to help you stay safe at home. The interactive quiz asks you questions from various fire safety categories, including smoke and heat, smoking and candles in the home, and your fire action plan. Based on your answers the quiz provides potentially life-saving advice in each category.

[Take the quiz](#) today to get fire safety tips and advice. You can even take it on behalf of a relative or neighbour.
